PREFACE.

The present volume commences a series which the Editors hope to continue until all the Parish Registers of both Cambridge and Cambridgeshire have been printed. It has been thought expedient, in order to extend the area of interest as widely as possible, to give one of the Registers of the town of Cambridge and to devote the rest of the volume to county parishes. For this volume the Register of St. Edward's has been chosen, and it is believed that it will prove of interest to members of the University as well as to the townsmen. It is intended to continue this arrangement, and Volume II will contain the Marriage Register of St. Sepulchre, which is already in print, and which, it is hoped, will be followed by Conington and other county parishes.

The Editors trust that it will be possible for them to issue two volumes annually, and they therefore urge upon subscribers the necessity of making known this Cambridgeshire series amongst such of their friends as are likely to take an interest in the work. If they receive adequate support, it should be possible to put into print the whole of the Marriage Registers in the county within a very short period from the present time.

It may be well to record here that some particulars of the Transcripts of Registers of the town of Cambridge will be found in Mr. A. Gibbons' "Ely Episcopal Records" and in Volume II. of the "East Anglian."

The Editors desire to express their thanks to the Rev. J. P. Whitney for leave to print St. Edward's Register, and also to the Rev. M. S. Kemmis as regards Knapwell.

This volume is issued without an index. The Editors hope that it will be feasible hereafter to issue a general index for the whole county, and thus avoid that

great evil—an undue multiplicity of indexes. Moreover, by postponing index-making, we expedite the printing of the Registers themselves, a matter of no small moment when we remember the serious risks of fire, theft and forgery, not to mention those of natural decay and accidental loss, to which these valuable records are continually exposed.

The following abbreviations are made use of:—

w.=widower or widow.
s.=spinster, single woman, or
son.
b.=bachelor or single man.
d.=daughter.

p.=of the parish of.
co.=in the county of.
dioc.=in the diocese of.
lic.=marriage licence.

It may be well to remind the reader that these printed abstracts of the registers are not legal "evidence." For certificates application must be made to the local clergy in charge of the Registers, by whom they will be gladly supplied.

Volume II is in the printer's hand and will be issued at an early date. It only remains to add that the Editors will gladly welcome further assistance in the way of transcribing the marriage entries. Such voluntary help alone renders it possible to issue this series of the Parish Registers of Cambridgeshire.

Cambridgeshire Parish Registers.

Marriages at St. Edward's, Cambridge,

1558 to 1812.

NOTE.—The Marriage Registers of this parish up to 1812 are contained in five volumes. The first four are long and narrow parchment books, measuring from 13½ to 15½ by 6 inches, bound in parchment or boards and in good preservation. They comprise entries of Baptisms, Marriages, and Burials for 1558-1668, 1668-1712, 1712-1745, and 1746-1764 respectively; Baptisms and Burials being carried on in the fourth volume to a later date. The fifth volume, a printed book bound in rough calf and measuring 15½ by 10 inches, contains the Marriages for 1754-1812, thus overlapping volume IV. by ten years.

Mr. Young has examined the Bishop's Transcripts at Ely, and any important variations or additions are here noted within brackets [] and in italic type.

These Marriage extracts have been made by Mr. Gaskoin, and are now printed by leave of the Rev. J. P. Whitney, vicar of the parish.

Marriages at Fen Drayton,

1580 to 1812.

NOTE.—The Marriages are contained in three volumes—Volume I. is a parchment book containing also Baptisms and Burials, the earliest entry of each being 1576 and 1573 respectively. The book itself dates from 1598. There are now 35 leaves, 11½ by 7 inches; apparently one leaf of Marriages (1591-1602) is missing, and also the Burials from 1629-1653; but these have now been recovered from the Ely Transcripts, which begin in 1599. Bound up with these are 35 leaves 8½ by 6½ inches, in no sort of chronological order; this part of the register, reaching to 1714, has been kept very irregularly, though there are some entries for every year.

Volume II., also a parchment book, contains Baptisms and Burials from 1714 to 1783, and Marriages to 1754: the book has been well kept and there are no gaps.

Volume III. is the usual book with printed forms for both Banns and Marriages.

This transcript has been made by Rev. E. Young, incumbent of Fen Drayton, who has a complete transcript of all the registers of the parish, with index.

Marriages at Knapwell,

1598 to 1812.

NOTE.—The Marriages are contained in two volumes, the second being that required by Lord Hardwick's Act, containing Banns and Marriages. At the beginning of Volume I., a paper book, is this note: "John Bird, Rector of this parish of Knapwell, was inducted into this Rectory upon the 14th of August in the year 1679. And afterward gave this book to the Town of Knapwell in the year 1683. faithfully collecting the Burials in woollen out of a paper book, and transcribing them at the other end of this book. And also transcribing the Christenings out of a parchment book from the year 1680 to this present year 1683, wherein he began to be Register himself." The earliest Marriage recorded is in 1695. There is also a good list of briefs, This transcript has been made by Rev. E. Young; the Rector the Parish, the Rev. M. S. Kemmis, has given permission to print.

[The marriages from 1598 to 1694 will be found on pp. 151-2 and have been taken from the Ely Transcripts.]
